PayLo

"Before we used PayLo, our fees were more than \$1,000 every month. Ever since we switched to PayLo, those fees are gone. It's really made it a lot easier to manage our incomes and our net profit is looking good."

-Tatia Guillen - Owner at Alice Burgers - Palmdale, CA

"I used to pay per store about \$600 up to \$1,000 in credit card fees a month. With PayLo, I pay under \$100. Very few customers complain about the charge for using a credit card. We give them the offer of paying cash and if they don't want to use a credit card now, they just bring cash next time."

Theresa Guerra - Boost Mobile - Palmdale, CA

"I've used PayLo for 10 months so far and it made sense to enroll. After all these years, I've been paying huge monthly fees and rental fees with all my machines but SignaPay offered me a much better deal."

George Lopez - Owner of T Town Music & More - Dallas, TX

"Once we explain to our customers that we have a cash discount and that they can use a credit card or the cash option, most of our customers use a credit card for the convenience. We explain to them that there is a flat fee for each transaction and they don't have any complaints."

Benito Castillo - Owner of Doris Beauty Salon - Dallas, TX

"I'm offering the cash discount, but most customers just want to go ahead and use the card and are fine with the costs. I haven't had anyone complain and it's been a huge savings for me. I've been using PayLo for the last 4 months and I'm saving about 80% on credit card fees."

Angel Yankas - Owner of Angel Cleaners - Montebello, CA

"On average, my tabs run between \$20-\$25 and I have very few customers ask about the \$.79 service charge. When they do, I just compare it to an ATM service fee and they seem to understand the concept. With PayLo, I pay \$145 every month; saving at least \$753 off my usual processing fees."

Mike Brewer - Owner of The House Sports Bar & Grill - Arlington, TX

"PayLo has been great for our business and we never receive any complaints from our guests."

Rafael Santamaria - Owner of El Carbonero Restaurant - Palmdale, CA
